

APPLICATION FOR FLUSH HYDRANT

Date of Request: _____

Customer: _____

Service Address: _____

I am applying for installation of a flush hydrant at the above address. I realize that Russell County Water Authority is not a fire authority and therefore makes no representation that it can furnish sufficient water pressure and/or flow to the flush hydrant to enable it to function efficiently in the event of a fire.

This application is predicated on the availability of a 6” minimum line to the requested area.

The undersigned has read and understands the aforementioned statements as policy of Russell County Water Authority and hereby makes application for flush hydrant installation.
